Kraft Foods
"Kraft Foods Rus"

13 July 2009

Kraft Foods would like to express its gratitude to Aurora Group who developed concept, scheme, working design and performed project management services at Kraft Foods new office to the address: Moscow, BC "Sadovaya Plaza", Dolgorukovskaya Street, 7.

Lack of base building design documentation did not obstruct Aurora Group to implement the design at highly professional level meeting challenging requirements and strict deadlines.

It is also worth noticing the outstanding management of construction process by Aurora Group's project team led by Dmitri Letov and Maxim Vasilyev. The project was completed on schedule and in full compliance with Contract T&C.

We appreciated the work completed by Aurora Group as well as would like to recommend them as the most reliable partner for construction projects.

Yours sincerely,

Sergey Gupaisov
Manager IS
OOO "Kraft Foods Rus"
